ML Goff repeated that this was not his understanding, and he sent a messenger to Police Headquarters to tell Mr. Sheehan that the Committee was waiting for him.

Meanwhile, he said, he wanted to ask Policeman Michael Cooney a few questions and the policeman took the stand. He testified that for three years previous to April, 1892, he had been a ward man in the Fifteenth Precinct, or Mercer street station, under Capts, Brogan, Creeden and Ryan. At that time he was transferred to the Fifth street station and detailed to pairol duty.

He said that while he was a ward man he kept a record of the disorderly houses in the precinct in a book, but he did not know what high become of it. He thought it might be among his trinkets at home. "No. sir; I haven't seen her in three years."

Mr. Goff said that it was absolutely necessary that the Commissioner should testify, and Senators Lexow and O'Connor agreed with him, and the latter declared that the public had a right to know what the Commissioners of the old Board had to say about the facts that had been brought out by previous witnesses.

Senator Cantor wanted the Commismissioners' examination to go over until after election, then no one could be charged with having brought on the Commissioner at the present time in order to affect the result of the election. Sheehan Takes the Stand.

Commissioner Sheehan finally said he would stay to-lay and be examined, and this settled the controversy. He had been ready to appear as a witness all along, and whether it came now or a week later would make no difference to him. him.
The first question put by Mr. Goff after the witness was sworn was:
"Commissioner, where is the Twelfth Precinct?"
Mr. Sheehan dived down into his pocket and brought out a paper which he was going to refer to, when Mr. Goff stopped him.
"We are asking you a simple ques-tion," he said, "and as the fountain of

"Isn't it true that you do not know the location of one-half the station-houses in the city?" asked Mr. Goff in a tantalizing way.

"Yes, but where is it?"
"It is on One Hundred and Twenty-fourth street, I think"

Cooney's Bad Memory.

Cooney said he had arrested burglars frequently, but his memory was equally defective when it came to recall the names of any of the criminals he had captured. He couldn't even remember the places where he had made arrests.

Thid you ever hear of a panel-house in that precinct while you were ward man?

"No, sir."
"Could such a place exist without your knowledge?"
"Oh, yes, it might."

Cooney admitted that he had been called u, on to make arrests in discorderly houses for robberles perpetrated upon visitors at those places, but he knew nothing of the panel games, al-

"Do you mean to say that you had no expectation of getting this position when you left Buffalo?"

'th, no; I had some reason to expect it. In fact, I had some very influential friends here, who were friends of yours, too, Mr. Goff."

'Never mind that, though I am glad to hear it. What did you get as Secretary of the Aqueduct Board."

'Book was the salary, I believe."

'Wes."

'Mr. Sheehan said that he first lived at the Sinclair House, and then moved into a house in Twenty-third street, in what is caled the Chelsea Terrace. He denied that he had ever acted for the Gould estate in regard to Twenty-third street property.

'What? Didn't you have something to do with Kelly & McGray, attorneys."

'I know there is such a firm."

'Didn't you have something to do with them about leasing the Grand Opera-House for the Eighth District Court."

'Oh, yes. I believe they came to me to secure my influence to keep the court where it was.

'Dien't you say that you were on the court where it was."

After a great deal of hesitation, Com-missioner Sheehan admitted that the attorneys in question had come to him to obtain his influence and wanted to retain him as attorney in the interest of the old court-house property. He said that he had refused to have any thing to do with the matter, because he had made up his mind in favor of the change. had made up change. Chairman Lexow wanted to adjourn at this point, and Commissioner Sheehan wanted to know if he would be expected to be on hand to morrow.

"Of course," said Mr. Goff, "we are not through with you yet."

"But I thought if I stayed this afternoon you would erase me to-morrow." pleased Mr. Sheehan.

"Oh, no; you are mistaken," replied the other; and it was finally decided that the Commissioner should resume the witness-stand again to-morrow.
